ABOUT INTERNATIONAL MODEL UNITED NATIONS

International Model United Nations (IMUN) is an academic simulation of United Nations where the participants play the role as delegates from different countries and attempt to solve real global issues with the policies and perspectives of their assigned country. It is a "learning by doing" method of studying about the diplomacy, international relations and the United Nations.

International MUN is an exciting opportunity to debate issues that confront world leaders, to draft world resolutions in response to the global issues and work with others who are equally motivated and passionate about the topics of debate. The longevity and dynamic that only a conference of our size can achieve, make IMUN one of the preeminent simulations of the United Nations in the world.

IMUN is aimed to provide a platform for youth to learn about diplomacy, critical thinking, public speaking and the United Nations conference. The ultimate goal of IMUN is to encourage the youth to be aware of the international issues, understand and try to form a possible solution to solve global issues. We hope through IMUN, participants learn the importance of balancing national interests with the needs of the international community.

OBJECTIVES OF IMUN CONFERENCE

To develop deeper knowledge on current global issues and improve critical thinking.

To strengthen participants' diplomacy skills and develop ideas to solve current global problems.

To improve researching, public speaking, debating and writing skills in addition to critical thinking, teamwork and leadership abilities.

To differentiate between the parliament and the UN, while distinguishing power struggle from diplomacy.

To improve international exposure by gaining experiences from delegates across the world.
